It is important to attend swim meets so coaches can see swimmers progress in a swim competition setting. This allows the coaches to observe what has improved or what needs improving with swimmers skills. It also gives your child a chance to experience competitive swimming and attaining goals. Swim meets are set up to challenge swimmers yet are at their ability level. We think competitive swimming is important by allowing swimmers to become the best they can as well as offering great life skills.

When attending swim meets above the in house meets we will include a coaching & relay fee in the cost of the swim meet.

We most often compete one time a month (or 6 weeks) so if you miss a swim meet it can be a long time before swimmers can show off what they have learned.

The swim meet schedule shows all the various swim meets for the club (the schedule can change so check your file, bulletin board and our web site). Should you not know what swim meet you should be planning for please contact your coach..

When at swim meets children should bring games, books and school work to do between races.

Swimmers **MUST** have a red team suit, team t-shirt and a team cap if they wear one. This is **NOT** an option. We must be in **TEAM** gear when competing.

Please hand this form back in whether you are or not planning to attend the specified meet. Good luck and enjoy your swim meet!

Thank you
